Subject: FW: Applicability Determination – National Emission Standards for Hazardous Air Pollutants from Secondary Lead Smelting (40 C.F.R. Part 63, Subpart X) – Exide Facility in Vernon, California
Exide Applicability Determination Jan 12 2017.pdf

Here you go. The letter was sent out by the Enforcement Division. We determined they are no longer subject to Subpart X.

Hi All,

Thank you all for the hard work on this. For your records, here is the final determination. Please let me know if you have any questions.

Thank you,

Matt
